

# 2010 CHURCH PLANTING GRANT REQUIREMENTS

## GENERAL INFORMATION

This Orthodox Church in America's Department of Evangelization coordinates and administers the review and selection of mission communities requesting to participate in the annual OCA Church Planting Grant Program. Standard Church Planting Grant Applications (available online) are also available from the Department chairman. They are to be prepared by the mission community seeking to participate in the Program. Before submission to the Department, they must be pre-approved by the Diocesan Bishop responsible for the existing or proposed mission community. Funding for this Program comes primarily from the Mission Appeal of the Orthodox Church in America that is conducted annually during the month of June and from the Fellowship of Orthodox Stewards (FOS).

## GRANT ASSISTANCE AMOUNT

For first year grant recipients, a total maximum annual gift of up to \$24,000 is sent to Church Planting Grant communities in equal monthly installments. The grant funding period is for one year with the possibility of reapplication for a three-year maximum, to be reviewed annually by the Department, the Diocese and the mission community. The total maximum annual gift for continuing Church Planting Grant communities is \$20,000 and \$16,000 for 2<sup>nd</sup> and 3<sup>rd</sup> year recipients respectively for a total of \$60,000 over the three year period of the grant.

The primary purpose of the Church Planting Grant is to make it possible for a mission served by a visiting priest or a priest who is also secularly employed, to become a mission with a priest-in-residence whose time is exclusively devoted to building up and expanding the work and witness of the mission community.

Once the Application is prepared by the mission community, approved by the Diocesan Bishop, presented and preliminarily approved by the Department, an annual budget mutually agreed upon by the mission community and the Department must be established before the final recommendation is made to His Beatitude, Metropolitan JONAH and the Holy Synod of the Orthodox Church in America for their blessing. Since the Church Planting Grant is offered for the sake of having a full-time priest-in-residence, the utmost consideration is given to the priest's salary and benefits remuneration. Funds pledged by the mission, by the mission's Diocese, assisting parishes, or other sources can be included when the budget is being developed.

## QUALIFICATIONS

I. To qualify for a OCA Church Planting Grant the following conditions must be met:

### A. Mission Qualifications

1. Preference will be given to missions that are less than three years old with approximately 50 pledging adult members.
2. The Church Planting Grant funds are to be used solely to stipend the salary and benefits of a full-time priest.
3. A participating mission must set yearly growth goals as part of their monthly reporting process.
4. All missions participating in the Church Planting Grant Program must participate in regional seminars and workshops offered or recommended by the Department.
5. If the diocese of the applicant mission does not have standardized mission by-laws, they will be provided by the OCA's Department of Evangelization.
6. The mission must be presented with and sign the Church Planting Grant Contract (found in this packet and completed prior to finalization of the Grant). Failure to adhere to contract will risk termination of Grant.

### B. Mission Priest Qualifications

1. The mission priest is prohibited from working outside the parish while he is receiving a Church Planting Grant.
2. The mission priest must be supervised by a mentor priest of the OCA's Department of Evangelization and may be guided as well by a mentor appointed by the Diocesan bishop. The Diocesan mentor priest must be identified to the Chairperson of the OCA's Department of Evangelization, and be mutually agreed upon by the Diocesan bishop and the Chairman before a mission can qualify.
3. The mission priest must supply monthly mission reports to his Diocesan bishop, mentor priest, Diocesan Dean (or Diocesan Mission Director), the Chancellor of the Orthodox Church in America, and the Chairperson of the OCA Department of Evangelization. Reporting forms are provided and are available in this packet.
4. The mission priest must be interviewed by one member of the Department and one member of his local Diocese. A set of basic profile questions may be asked. Consultation with the local bishop on the interview results will be shared before any final decision is made.

## **TERMINATION OF GRANT FUNDING**

Grant funding will cease when it is demonstrated that any of the following actions have taken place:

1. The annual funding limit has been reached.
2. Failure to adhere to any of the criteria in the contract (provided in packet).
3. Upon the recommendation of this Department and or the Diocesan bishop.
4. Insufficient funds from this Department.
5. Failure to adhere to the standards and bylaws of the Orthodox Church in America.
